

2 April 2020

Dear All,

I wanted to take the opportunity to thank you all for your incredible dedication and hard work. I've been so impressed with the calm and professional way you have all gone about your work. I know that our students and families are grateful, also. I have received some very complimentary messages telling me of the great lengths to which you are going to ensure their experience is as positive as possible.

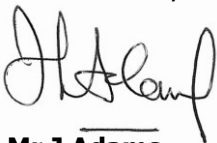

Last night, I was part of a (virtual) Trustees' meeting. They want to make sure that I convey their admiration and gratitude for all of your efforts. As a Trust, community service is at our core and it has never been more evident than over the last few weeks. They are determined to do all they can to support your efforts.

We are in uncharted territory and it is impossible to predict what the next few weeks and months will bring. I am, however confident that whatever the challenge, we are equal to it. It also goes without saying, all decision making will be with the safety of our children and colleagues at its heart.

I will still be in regular contact with our school leaders over the next two weeks, so if there is anything you wish to bring to my attention, please do let them know and they will pass it on.

It may not be appropriate to wish you a happy Easter, but I certainly wish you and your families good health and the best of luck.

Yours faithfully
